**SUBJECT: NOTIFICATION OF REPAIR**  
**Site Address:**  
**APN#:**  
**PRECASE#: PRE2011-00**

Dear :

Thank you for submitting the videotaped inspection of your sewer lateral and the supporting documentation. Our staff has reviewed these items and identified problems with your lateral. It is the responsibility of the property owner to maintain the sewer lateral in proper working condition at all times (SBMC, Section 14.44.160.1.1).

Per review of the Inspection Form and/or the videotape, the following repairs are required to return your lateral to proper working order:

- **Clean lateral at 42 feet using a high pressure jetter to remove roots.**
- **Replace the wye at the main.**
- **Submit documentation (i.e. Plumber's invoice) indicating that the lateral has been cleaned, and the wye replaced.**

The above listed repairs need to be completed by **07/18/11**.

**Please submit all documentation to Water Resources (SLIP), c/o Anne Van Belkom, 630 Garden Street, Santa Barbara, CA 93101.** You may also call me at 568-1020 if you have any further questions about the City's sewer maintenance program.

Please note that most repairs will require a permit. Permits can be obtained at the Building Department, located at 630 Garden Street, between the hours of 8:30 a.m. and 4:30 a.m. (closed 12:00 p.m. to 1:00 p.m.), Monday through Friday (closed every other Friday). To check if the Building Department is open for business on a specific Friday, please contact the Community Development Receptionist at 564-5485 during regular business hours.

Thank you in advance for your cooperation to resolve this matter. Clean, well maintained sewer lines prevent spills of sewage to the environment. Protection of public health and the environment are high priorities of the City of Santa Barbara. If you wish to discuss this issue or have any other further questions, please contact me at (805) 568-1020.

Sincerely,

A handwritten signature in purple ink, appearing to read "Manuel Romero".

Manuel Romero  
Wastewater Collection System Superintendent
